## **Chasing Zebras: The Unofficial Guide to House, M.D.** Barbara Barnett

The richly layered depths of *House, M.D.* are plumbed in this comprehensive companion to the critically acclaimed Fox television series that has proven to be a study in contradictions as both a straightforward medical procedural and an intricate character drama. Exploring the series' characters, plotlines, and overarching themes, this definitive fan's guide provides an intelligent and thoughtful analysis of this popular series, tackling complex questions such as *Who is this medical Sherlock Holmes—a misanthropic jerk with a brutal sense of humor—or a tormented romantic hero in the tradition of Byron? How do the music, settings, and even the humor enhance an understanding of the series' narrative?* and *What does the program say about modern medicine, ethics, and religion?* Rounding out the discussion are exclusive interviews with many of the show's cast, executive producers, writers, and production staff.
