Moses, the Servant of God (Classic Reprint)

F. B. Meyer

Moses, the Servant of God (Classic Reprint) F. B. Meyer

This book contains some damage on pages 122 and 123. Moses, which I have elaborated in the following chapters, was suggested years ago by contrast with Michael Angelo's statue of him, colossal in proportions, hewn in stone. Yet one turns away from that mighty head, that pregnant brow, that towering height, hopeless of repeating aught of a life, which, if that conception be the true one, must have had so little in common with our own. It is a comfort, therefore, to turn to the record of the New Testament, which tells that he did not spring at a leap to the throne on which he has sat through the ages, but that his character took years to form, and that his mighty deeds were due, not to some rare combination of personal qualities, but to the faith which he had in common with the rank and file of the great army of the saints.

(Typographical errors above are due to OCR software and don't occur in the book.)
