Cuidar, controlar, curar: ensaios históricos sobre saúde e doença na América Latina e Caribe (Portuguese Edition) Gilberto Hochman, Diego Armus

Traz um conjunto variado de ensaios representativos das atuais - e diversas - tendências historiográficas a respeito dos discursos e das práticas sociais que, em diferentes cenários latino-americanos e caribenhos, organizaram-se em torno de questões relativas à saúde e à doença. A intenção é pôr em evidência aspectos relevantes da experiência histórica dos países quanto a ações individuais e coletivas relacionadas à manutenção e à restauração da saúde, bem como ao cuidado, ao controle e à cura das doenças. A preferência pelo local e pelo específico não visa à mitificação das práticas culturais, pois, nas abordagens aqui desenvolvidas, os eventos históricos alcançam significado num quadro de referência mais amplo. Assim, os temas da saúde e da doença se entrelaçam com outras realidades coetâneas: penetração e avanço de formas capitalistas, mudanças do perfil demográfico e acelerada urbanização, formação material e simbólica dos estados nacionais, dinâmicas socioprofissionais, dentre outros. Os artigos selecionados apresentam o que há de melhor nas análises históricas sobre saúde e doença em nossas regiões, e certamente são, desde já, leitura obrigatória para profissionais, professores e estudantes das áreas de saúde coletiva, história, medicina, ciências sociais e humanidades.
