This resource emphasizes high levels of competency in patient care, communication skills, health and wellness promotion, and patient education, while always reflecting cultural and age-appropriate sensitivity. The 4th edition contains current clinical information for medical assistants and complies with both the AAMA and RMA curriculum standards. Case studies and step-by-step procedures with complete details, charting examples, rationales, and a chapter on nutrition are included for a realistic, clinically oriented view of medical assisting. Plus, an accompanying CD-ROM simulates realistic clinical situations.
