Beyond la Frontera: The History of Mexico-U.S. Migration Mark Overmyer-Velazquez

Providing a comprehensive and up-to-date historical overview of Mexican migration to the U.S., *Beyond la Frontera: The History of Mexico-U.S. Migration* examines the transnational and historical impact of migratory trends as they developed in Mexico and the U.S. from the mid-nineteenth century to the present day. Featuring essays by leading authors in the field, the book utilizes both a chronological and thematic structure, referencing mutually influential periods in Mexican and Mexican-American history. Taking into consideration the bi-national historical factors and narrative constructions of Mexican migration, *Beyond la Frontera* also describes how we may better understand the persistent legislative debates surrounding migrant rights and national sovereignty.
