There are millions of new motorcyclists hitting the blacktop every year. But being part of the American motorcycle culture takes more than just wanting to be cool. It takes a passion for the open road, freedom, and a lifestyle that even the best financing cant buy. This book, by someone who knows motorcycles as few do, provides a road map to biker culture for anyone new to the experience. Jay Barbieri explains everything a new rider needs to know to become a real biker. He begins with a brief history of motorcycles, and draws on his twenty-five years of riding experience for examples of what works and doesn't in this heady world. Most of all, he aims to spare new bikers the bad decisions neophytes typically make. With hundreds of motorcycle trips under his belt, there is not a mistake Barbieri hasn't made or a situation he hasn't encountered. By sharing the sometimes comical outcomes, he gives the new biker a head start to become more comfortable, credible, and knowledgeable about joining a community that is as much a part of American culture as baseball, hotdogs and apple pie.
