From Bram Stoker's "Dracula", to Stephenie Meyer's "Twilight" series, vampires have fascinated and frightened young and old alike for centuries. Whether it is an evil, sharp-fanged creature who appears from the mist, or a handsome, erotic man or woman of mystery, the vampire in all its incarnations is one of the most popular and intriguing characters of literature and film. Vampires alternately terrorize and become objects to be idolized and desired. This book examines their notorious history and legends, their evolution and portrayal in books, television, and cinema, and the on going fascination with the 'vampire lifestyle'.
