No one thought human beings would be forced to farm their own in order to survive nuclear war. But in 2030, the CIA set out to do just that. For over 60 years, this genetically perfect race has been immune to all disease...until one day, a plague rips through their community, and suddenly they are not. Desperate to protect their elite, the government will stop at nothing to find a cure. But they didn't count on Winnie, a seemingly common teenage girl, who isn't very common at all: she's telepathic, extremely fast, and incredibly strong. They arrested Winnie.
