Getting Started with Kanban Paul Klipp

Finding ways to do things more efficiently is becoming a necessity - no matter what business you're in. While Lean methodologies were developed in manufacturing environments, many Lean principles can be applied to any kind of business or activity; from software development to accounting systems to household chores. This short book introduces the core concepts of kanban and offers a step by step guide to getting started with the Kanban Method. Paul Klipp is a professional coach and trainer who has been using the Kanban Method for four years with dozens of software teams. He is a Certified Kanban Coaching Professional as well as a Certified Scrum Professional.
