Alessio Mangoni, Sabrina Ronconi

Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) Alessio Mangoni, Sabrina Ronconi
In questo libro sono presentati vari esercizi sulla geometria analitica che vengono successivamente svolti passo a passo. Sono presenti grafici e figure illustrative che aiutano a risolvere gli esercizi. Il libro è indicato per tutti gli studenti delle scuole superiori e licei. Gli argomenti su cui si basano gli esercizi sono, in generale, la retta nel piano, le coniche, parabola, circonferenza, ellisse, iperbole e le figure piane. In alcuni esercizi la soluzione viene arricchita da alcuni procedimenti che fanno uso della nozione di derivata o di integrale, nonostante questi due strumenti non siano necessari per la lettura del libro.

Autori: dott. Alessio Mangoni, laurea in fisica; Sabrina Ronconi.

From reader reviews:

Helen Leduc:

Here thing why that Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) are different and trusted to be yours. First of all looking at a book is good but it depends in the content of the usb ports which is the content is as delightful as food or not. Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) giving you information deeper and in different ways, you can find any guide out there but there is no publication that similar with Esercizi svolti di Matematica: Geometria Analitica (Italian Edition). It gives you thrill reading through journey, its open up your own eyes about the thing in which happened in the world which is probably can be happened around you. It is possible to bring everywhere like in recreation area, café, or even in your way home by train. For anyone who is having difficulties in bringing the paper book maybe the form of Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) in e-book can be your substitute.

Tracy Zapata:

The experience that you get from Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) is the more deep you searching the information that hide in the words the more you get serious about reading it. It doesn't mean that this book is hard to know but Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) giving you joy feeling of reading. The article writer conveys their point in specific way that can be understood through anyone who read this because the author of this book is well-known enough. This book also makes your own vocabulary increase well. Making it easy to understand then can go together with you, both in printed or e-book style are available. We highly recommend you for having this Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) instantly.

Henry Woods:

The reason? Because this Esercizi svolti di Matematica: Geometria Analitica (Italian Edition) is an unordinary book that the inside of the guide waiting for you to snap that but latter it will shock you with the secret the item inside. Reading this book adjacent to it was fantastic author who have write the book in such remarkable way makes the content inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you for not hesitating having this any longer or you going to regret it. This phenomenal book will give you a lot of advantages than the other book have got such as help improving your expertise and your critical thinking technique. So , still want to postpone having that book? If I were you I will go to the publication store hurriedly.

Joseph Bateman:

A lot of e-book has printed but it is unique. You can get it by online on social media. You can choose the most beneficial book for you, science, comedy, novel, or whatever by searching from it. It is called of book Esercizi svolti di Matematica: Geometria Analitica (Italian Edition). You'll be able to your knowledge by it.

Without causing the printed book, it could add your knowledge and make you happier to read. It is most significant that, you must aware about publication. It can bring you from one spot to other place.
