**Racism and the Press: Volume 5 (Routledge Library Editions: Journalism)** Teun A. van Dijk

Originally published in 1991. This book presents the results of an interdisciplinary study of the press coverage of ethnic affairs. Examples are drawn mainly from British and Dutch newspapers, but data from other countries are also reviewed. Besides providing the reader with a thorough content analysis of the material, the book is the first to introduce a detailed discourse analytical approach to the study of the ways in which ethnic minorities are portrayed in the press. The approach focuses on the topics, overall news report schemata, local meanings, style and rhetoric of news reports. Highly original, accomplished and penetrating, the book is the fruit of a decade of research into the question of racism and the press, important for ethnic studies, mass communication and media studies, sociology and linguistics.
