How to Find Mental Health Care for Your Child (APA Lifetools)

Ellen B. Braaten

How to Find Mental Health Care for Your Child (APA Lifetools) Ellen B. Braaten

It is estimated that up to a quarter of American children will experience a psychiatric disorder at some point in their development. Concerned parents whose children struggle with issues such as depression, anxiety, learning disorders, and attention problems face tough questions including:

- Does my child need medication?
- How do I get an appropriate diagnosis?
- What do I need to know to find the most competent professional and how can I ensure that my child gets the best possible treatment?

Learning the difference between a psychologist, psychiatrist, and social worker or understanding clinical terms such as cognitive-behavioral therapy and mood dysregulation can be overwhelming. Therefore, finding the right resources is critical to addressing a child's mental health needs and moving forward toward effective care.

In *How to Find Mental Health Care for Your Child*, seasoned child psychologist and author Ellen B. Braaten offers clear and expert guidance to help anxious parents navigate the complexities of mental health care.

Divided into three thorough and well-organized parts, the book first provides an overview of the issues involved in diagnosing and treating children. It then gives detailed information on the most common childhood disorders and addresses key symptoms, possible causes, and treatment options. In the final chapters, Dr. Braaten discusses the primary treatment approaches in more depth, such as their typical course, what disorders they are used to treat, and how to determine their effectiveness.

Parents seeking the best mental health care for their child will learn what other parents did in real situations when confronted with similar problems and will be reassured, supported, and empowered throughout their journey.

From reader reviews:

Jacob King:

Nowadays reading books be than want or need but also get a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge even the information inside the book this improve your knowledge and information. The information you get based on what kind of e-book you read, if you want have more knowledge just go with education and learning books but if you want feel happy read one with theme for entertaining like comic or novel. The How to Find Mental Health Care for Your Child (APA Lifetools) is kind of reserve which is giving the reader unpredictable experience.

Derek McCaleb:

Information is provisions for individuals to get better life, information these days can get by anyone in everywhere. The information can be a understanding or any news even a concern. What people must be consider when those information which is from the former life are challenging be find than now could be taking seriously which one would work to believe or which one the resource are convinced. If you have the unstable resource then you understand it as your main information we will see huge disadvantage for you. All of those possibilities will not happen in you if you take How to Find Mental Health Care for Your Child (APA Lifetools) as the daily resource information.

Alan Robert:

Exactly why? Because this How to Find Mental Health Care for Your Child (APA Lifetools) is an unordinary book that the inside of the e-book waiting for you to snap the item but latter it will zap you with the secret this inside. Reading this book alongside it was fantastic author who write the book in such awesome way makes the content within easier to understand, entertaining method but still convey the meaning totally. So , it is good for you for not hesitating having this any more or you going to regret it. This book will give you a lot of gains than the other book get such as help improving your proficiency and your critical thinking way. So , still want to hold off having that book? If I had been you I will go to the book store hurriedly.

Chris Robins:

Many people spending their time frame by playing outside using friends, fun activity using family or just watching TV the whole day. You can have new activity to spend your whole day by examining a book. Ugh, think reading a book can actually hard because you have to use the book everywhere? It fine you can have the e-book, taking everywhere you want in your Smart phone. Like How to Find Mental Health Care for Your Child (APA Lifetools) which is finding the e-book version. So , try out this book? Let's notice.
