Leap of Faith: Quit Your Job and Live on a Boat Ed Robinson

There are many of us who dream about selling all our stuff, quitting our jobs, and running away to Paradise. This is a story about one couple who made that dream come true. The author shares what it feels like to experience ultimate freedom, and outlines the steps they took to get there. The story includes tales from their travels, social commentary on the state of today's American society, and a simple financial plan that will benefit anyone, regardless of their future goals.

Throughout the narrative the listener is treated to dolphins and manatees, pelicans and osprey, blue skies, blue water and white sand beaches. Tropical music plays a role as well. Hear how music inspired them to execute their plan. Follow along as they transform from everyday working drones to carefree boat bums and beachcombers. This audiobook will make you rethink how you look at life, and money.
