## **Universal Human Rights in Theory and Practice** Jack Donnelly

In the third edition of his classic work, revised extensively and updated to include recent developments on the international scene, Jack Donnelly explains and defends a richly interdisciplinary account of human rights as universal rights. He shows that any conception of human rights-and the idea of human rights itself-is historically specific and contingent. Since publication of the first edition in 1989, *Universal Human Rights in Theory and Practice* has justified Donnelly's claim that "conceptual clarity, the fruit of sound theory, can facilitate action. At the very least it can help to unmask the arguments of dictators and their allies."

#### **Nathaniel Marvel:**

As a university student exactly feel bored to reading. If their teacher asked them to go to the library or to make summary for some publication, they are complained. Just minor students that has reading's heart or real their interest. They just do what the teacher want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Universal Human Rights in Theory and Practice can make you feel more interested to read.
