Year-Round Education: Change and Choice for Schools and Teachers

Shelly Gismondi Haser, Ilham Nasser

Year-Round Education: Change and Choice for Schools and Teachers Shelly Gismondi Haser, Ilham Nasser

Over the last 20 years, many districts and schools have begun to explore year-round education or a modified calendar in response to student under-achievement in low performing schools. Here, the authors detail their two-year study of Title I, year-round, or modified calendar schools that switched from a traditional to a modified schedule in order to meet the academic needs of students.

Year-Round Education will:

- Highlight the benefits of the modified calendar for teachers
- Explain the transition process through three real-life case studies
- Identify the principals' leadership styles as a transformational facilitator, transformational leader, transactional leader, and authoritarian administrator.

Features include:

- An action plan for schools/districts preparing for the transition
- Ideas for setting up an intersession program
- A comparison of teacher motivation and leadership styles from each case study
- A discussion on university partnerships and community support
- A review of professional work and literature on teacher motivation and year-round education
- An actual intersession brochure with classes listed

Written in layman's terms this book will be of interest to parents, community members, and educational professionals interested in student achievement and teacher motivation.
