Both volumes present an in depth analysis of actual marine insurance relative to hull insurance, cargo insurance and P&I insurance. The impact of European law on marine insurance and, more specifically, European Competition Rules in relation to P&I insurance are covered. In addition, specific issues such as the future Belgian Marine Insurance statute and the Antwerp Marine Policy are dealt with. The subjects are covered in a broad comparative law perspective, combining practice and theory. Also topics such as the ISM code and its relation to marine insurance and the position of classification societies and quality insurance are considered.
