**Finally a hopeful book which empowers us to make the choices we need to make...not out of fear but out of love for ourselves, our Earth, and each other.**

*Includes inspirational quotes from influential environmentalists and thought leaders including Al Gore, Jacques-Yves Cousteau, Martin Luther King, Jr., Mother Teresa, Walt Whitman, Henry David Thoreau, Howard Zinn, E.F. Schumacher, William Shakespeare, Ayn Rand, and Mahatma Gandhi.*

“The Earth is what we all have in common. It is what we are made of and what we live from, and we cannot damage it without damaging those with whom we share it.”

–Wendell Berry

*You Can Save the Earth: 7 Reasons Why & 7 Simple Ways* is the perfect book to pick up for your friends, your office, your home, and yourself. While many books on sustainability and climate change focus only on disasters and what has gone wrong—what we have lost—this one takes a new tack. *You Can Save the Earth* focuses on **real-life, simple solutions** to many of our global problems, and emphasizes steps that can be taken on an individual basis or on a local level to promote environmental awareness and conservation.

Because it promotes reflection rather than guilt, *You Can Save the Earth* offers a new approach to discussing the environment, climate change, and how man influences his surroundings. After examining the impact that man has on his environment, *You Can Save the Earth* provides a “roadmap” to follow in our daily lives, from the office, to the home, the store, and everywhere in between. By creating good habits and incorporating them into our lifestyles, we can live in closer harmony with his environment.
