A economia das crises (Portuguese Edition)

Nouriel Roubini

A economia das crises (Portuguese Edition) Nouriel Roubini

Conhecido como 'Dr. Apocalypse', Nouriel Roubini eletrizou a comunidade financeira mundial ao antever a última crise muito antes de qualquer outro especialista. Ao contrário de outrosexperts, ele não trata os desastres econômicos como eventos extravagantes, singulares e isolados, sem causa nítida. Décadas de pesquisas em todo o mundo lhe permitiram constatar que são previsíveis e passíveis de prognóstico.

Fundamentado em uma combinação nada convencional de análise histórica com economia global, Roubini tem forçado políticos, autoridades monetárias, investidores e analistas do mercado financeiro a encarar uma verdade sempre negligenciada: os sistemas financeiros são inerentemente frágeis e propensos ao colapso.

Ao compararem crises em diversos países e épocas, Nouriel Roubini e Stephen Mihm mostram que os cataclismos financeiros são antigos e onipresentes como o capitalismo. Usam os exemplos do passado para estabelecer ligações com as dificuldades do presente. Ensinam a reconhecer e atacar a instabilidade do sistema financeiro global; a entender os pontos fracos e extrair lições de episódios anteriores como a "exuberância irracional"; a detectar o curso do fenômeno de contágio global, e a traçar planos de curto prazo. Os autores explicam como a economia mundial pode sair da confusão em que está, e manter-se fora disso. Obra vital, A economia das crises prova que essas calamidades podem ser não apenas previstas, mas evitadas, e com o tratamento correto, sanadas.
