## **The Living and the Undead: Slaying Vampires, Exterminating Zombies** Gregory Waller

In this book, Gregory A. Waller shows why the vampire continues to fascinate us in film and fiction. Waller focuses upon a series of interrelated novels, stories, plays, films, and made-for-television movies: Bram Stoker's *Dracula* (1897); several film adaptations of Stoker's novel; F. W. Murnau's *Nosferatu, A Symphony of Horror* (1922); Werner Herzog's *Nosferatu the Vampyre* (1979); and George Romero's *Night of the Living Dead* (1968) and *Dawn of the Dead* (1979). All of these works, Waller argues, speak to our understanding and fear of evil and chaos, of desire and egotism, of slavish dependence and masterful control. This paperback edition of *The Living and the Undead* features a new preface in which Waller positions his analysis in relation to the explosion of vampire and zombie films, fiction, and criticism in the past twenty-five years.
