The Story of My Boyhood and Youth (Canongate Classics) John Muir

Introduced by Frank Tindall.

Unknown in his native Scotland, John Muir is renowned in America as the father of conservation. A friend of presidents and founder of National Parks, Muir was inspired by a love and a vision of nature as remarkable today as it was last century.

Born in mid-19th-century Scotland, Muir was eleven when his fanatically religious father took the family to build a new life in America's vast wilderness. He recalls his childhood and youth with startling clarity, depicting a wild boy whose quiet individuality and determination are already emerging. The pioneering years in Wisconsin powerfully anticipate the extraordinary career which was to follow. They reveal a free spirit who perceived bonds between man and nature that were subtle and far reaching for both.
