The Prince

Niccolo Machiavelli

The Prince Niccolo Machiavelli

Here is the world's most famous master plan for seizing and holding power.

Astonishing in its candor, *The Prince* even today remains a disturbingly realistic and prophetic work on what it takes to be a prince . . . a king . . . a president. When, in 1512, Machiavelli was removed from his post in his beloved Florence, he resolved to set down a treatise on leadership that was practical, not idealistic. In *The Prince* what he envisioned would be unencumbered by ordinary ethical and moral values; his prince would be man and beast, fox and lion. Today, this small sixteenth-century masterpiece has become essential reading for every student of government and is the ultimate book on power politics.

In the foreword to this edition of W.K. Marriott's classic translation, author Michael Ennis delves into the motivations and machinations behind Machiavelli's work. As a bonus, this e-book includes five chapters from Ennis's novel, *The Malice of Fortune*, a heart-pounding, mind-bending mystery that pits Machiavelli and Leonardo da Vinci against a ruthless serial killer, set in the seething heart of Borgia politics.
