The Tao of Jung: The Way of Integrity (Compass) David H. Rosen

This startling new interpretation of Jung's life and psychology is based on the insight that he was essentially a Taoist. Drawing on Jung's own letters, aphorisms, and other writings, **David Rosen** examines six crises in Jung's personal development, from childhood revelations and youthful rebellions to his break with Freud and his later work with the I Ching. Rosen discovers many parallels between Jung's natural world of the psyche and that of Taoist philosophy: the integration of opposites; the Great Mother as the origin of all things; the I Ching and synchronicity; the Way of Integrity and individuation; and the need to release the ego and surrender to the Self or Tao. As an increasing number of people turn to Eastern philosophy as a means of handling the many stresses of an increasingly confounding world, this illuminating introduction to both Taoism and Jungian thought provides a valuable spiritual resource for contemporary followers of the Path.
