Among anglers and probably anyone who watches outdoor television or has taken a look at the fishing magazines on any newsstand, it's no secret that there is one species that is hunted like no other - the largemouth bass. In fact, bass anglers new and old now pursue the largemouth on five continents. Whether it's the bass tournament pro looking to cash a check or the weekend angler looking for a bit of fun, millions of us seek to solve the puzzle of finding bass. Now bass hunters have a comprehensive guide to finding bass any time of year in any body of water. Critical Concepts 2: Largemouth Bass Location focuses on the seasonal movements and activity patterns of bass with complete chapters devoted to spring, summer, fall, and winter - each covering the impacts of weather, and local conditions to help you zero in on hot spots. Included in this full color book is in-depth information on the 'special effects' that influence a largemouth's location - wind, air pressure, and edge effects, tools for fine-tuning bass location, plus a bonus chapter on lunker bass and where to find them that should really get you pumped up about hitting the water.
