She Who Dreams: A Journey into Healing through Dreamwork Wanda Burch

Wanda Burch dreamt that she would die at a certain age; her dreams foretold her diagnosis of cancer, and they guided her toward treatment and wellness. Although she took advantage of all the medical resources available to her, Wanda believes she is alive today because of her intimate engagement with the dreamworld. This book is more than one woman's story, however. Wanda provides techniques such as questioning the dream and observing the surroundings of the dream to delve into the meaning behind the personal stories we tell ourselves in sleep. Through powerful prose and practical exercises, this book demonstrates that wisdom lives within each of us, and we can tap into that wisdom through dreamwork.
