Hamlet (New Edition) William Shakespeare

This edition of *Hamlet* represents a radically new text of the best known and most widely discussed of all Shakespearean tragedies. Arguing that the text currently accepted is not, in fact, the most authoritative version of the play, this new edition turns to the First Folio of 1623--Shakespeare's "fair copy"--that has been preserved for us in the Second Quarto. Introducing fresh theatrical momentum, this revision provides, as Shakespeare intended, a better, more practical acting script.
