Smedley D. Butler

War is a Racket: The Antiwar Classic by America's Most Decorated Soldier Smedley D. Butler

General Smedley Butler's frank book shows how American war efforts were animated by big-business interests. This extraordinary argument against war by an unexpected proponent is relevant now more than ever.

Originally printed in 1935, *War Is a Racket* is General Smedley Butler's frank speech describing his role as a soldier as nothing more than serving as a puppet for big-business interests. In addition to photos from the notorious 1932 anti-war book *The Horror of It* by Frederick A. Barber, this book includes two never-before-published anti-interventionist essays by General Butler. The introduction discusses why General Butler went against the corporate war machine and how he exposed a fascist coup d'état plot against President Franklin Roosevelt. Widely appreciated and referenced by left- and right-wingers alike, this is an extraordinary argument against war - more relevant now than ever.
