Decoding 2012: Doom, Destiny, or Just Another Day? Melissa Rossi

December 21st, 2012. Will it be the end of the world? A new dawn for human civilization? Or are the predictions and prophecies all based on a series of misinterpretations, coincidences, and elaborate hoaxes? In this illustrated and comprehensive look at the science, history, legends, and recent discoveries surrounding the end of the Mayan Long Count calendar, author Melissa Rossi unravels fact from fiction in an effort to determine what's actually in store for humanity. Featuring an introduction by scholar Bruce Scofield, this is an invaluable handbook for anyone who has ever been fascinated by (or afraid of) the mystery of 2012.
