Distortion: How the New Christian Left is Twisting the Gospel and Damaging the Faith Chelsen Vicari **Can the evangelical church be saved?**

Peek behind the curtain of some “hip” or “progressive” evangelical churches, past the savvy trends and contemporary music, and what you find may surprise you. Liberal evangelicals—despite how apolitical they claim to be—are gaining ground, promoting a repackaged version of Christianity that distorts the authority of Scripture and is causing a mass exodus of young people from the teachings of Jesus Christ.

In *Distortion* Chelsen Vicari confronts this move away from authentic Christianity and the principles that have made America great. Arming you with Scripture, historic Christian teaching, and social science that specifically addresses the challenges confronting our country, she covers topics such as:

- Understanding the link between faith and policy
- Unmasking the social justice disguise
- Confronting the truth about homosexuality
- Unveiling the Jesus feminists
- Living out the truth with boldness and grace

It is time to take a stand once again in the culture wars, this time for the sake of our youth and our future. To keep praying, keep acting, keep discerning truth, keep upholding Scripture as authority, and keep fighting on the battleground where Christianity and public policy collide. This is a great challenge. But it is one that every generation of evangelicals must be willing to take on for Jesus Christ.

It is worth the battle. America needs us. The church needs you.
