The Surrogates Vol. 2: Flesh & Bone Robert Venditti

In a dark downtown alley in Central Georgia Metropolis, a juvenile prank goes too far and a homeless man is killed. When the ensuing investigation reveals that the attackers aren't who they appeared to be, justice depends on the testimony of a single witness, a street snitch with a history of providing information to a uniformed cop named Harvey Greer. Harvey is placed on special assignment to track down the informant, but others have their own designs, including a wealthy socialite and an ex-con turned religious leader known to his followers as The Prophet. As days pass and anger among the anti-surrogate population grows, the city stands on a razor's edge. Will punishment be exacted in a courtroom or on the streets? This sci-fi/noir police thriller is a prequel that sheds new light on the characters and events of The Surrogates, soon to be a major motion picture from Touchstone Pictures starring Bruce Willis.
